### **DRAFT CLEANUP AND ABATEMENT ORDER, TENG VANG AND WILLIAM CLAGETT, SHASTA COUNTY ASSESSOR PARCELS 041-300-006-000 AND 041-300-033-000, ONO, SHASTA COUNTY**

Enclosed is a draft Cleanup and Abatement Order (Order) to be issued to Teng Vang and William Clagett (Dischargers). The Dischargers have caused or allowed the discharge and threatened discharge of waste to receiving waters through grading activities, road construction, watercourse crossing construction, dam construction, and the discharge of waste water from a Koi tank on Assessor Parcels 041-300-006-000 and 041-300-033-000 in Shasta County (Property). The draft Order requires the Dischargers to clean up and abate the discharges of wastes to surface water and surface water discharge courses and further requires the Dischargers to prevent future discharges from the Property.

The enclosed Order is a draft Order. The Central Valley Regional Water Quality Control Board (Central Valley Water Board) intends to issue this Order, but offers you the opportunity to provide comments on the draft Order prior to doing so. Due to the erosional issues noted at the Property and the present wet weather period, please provide any comments to this office within **15 days** of receiving the draft order.

On 6 October 2016, the Central Valley Water Board sent a copy of this draft Order, via certified mail, to the above listed recipients. The certified mail was returned to the Central Valley Water Board as unclaimed. To date, the Central Valley Water Board has not received comments regarding the draft Order.

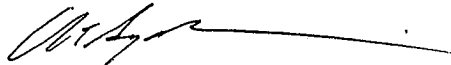

As originally issued, the draft Order includes a time schedule for compliance with the tasks set forth in the draft Order. The first task requires that, **by 15 November 2016**, the Dischargers shall prepare and provide a proposed Interim Erosion and Sediment Control Plan to stabilize the Property and minimize erosion and further discharge during the 2016 wet weather period.

In order to conserve paper and reduce mailing costs, a paper copy of the draft Order has been sent only to the Dischargers.

2 December 2016

Anyone who needs a paper copy of the draft Order, or who has a technical question regarding this matter, may contact Griffin Perea, Senior Engineering Geologist with the Central Valley Water Board, Cannabis Regulatory and Enforcement Unit, at (530) 224-3217 or at [griffin.perea@waterboards.ca.gov](mailto:griffin.perea@waterboards.ca.gov).

If you have any questions or would like to discuss legal aspects of the draft Order, please contact Yvonne West, Senior Staff Counsel, State Water Resources Control Board, Office of Enforcement, at (916) 322-3626 or at [yvonne.west@waterboards.ca.gov](mailto:yvonne.west@waterboards.ca.gov).

Clint E. Snyder, P.G.  
Assistant Executive Officer
